

# BNG 2024 PROGRAMME

BNG's executive team has started planning our 2024 events programme. All events will correlate with our three core themes for the year: 1) **gender equality and intersectionality**, 2) **digital skills** and 3) **elections**. The dates and topics are provisional for now, more information will be given in due course. If you'd like to organise these events with us or have other ideas for future activities of the BNG, contact one of the Ambassador team.
